STAR MILLING CO., Inc.

Vick-Selfe.

Vick-Selfe.

This afternoon will witness the culmination of a pretty romance that had its beginning in the heart of the industrial activity of our great Southland—the "coal fields."

At four o'clock Dr. Clyde W. Vick, of Wilcoe, W. Va., and Miss Mattie Selfe, of Castlewood, Va., will be united in the holy bonds of matrimony by the Rev. S. O. Hall. The ceremony will take place at the editor's residence on Mechanics Avenue.

The bride is the daughter of the Rev. W. V. Selfe, of Castlewood, but for the past seven years has made her home with her sister, Mrs. C. M. Jenks, at Wilcoe, W Va. Mr. Jenks having been until last fall, the manager of store number one, for the United Supply Co. at that place.

The groom is a native of Tidewater Virginia, a scion of one of Southampton's oldest families. For the past five years he has been one of the efficient staff of surgeons for the United States Coal & Coke Co., of Tug River. He being located at Wilcoe in charge of plants one and two.

The happy couple will leave on the evening train for a visit to Dr. Vick's boyhood home and then for an extended trip to New York and New England cities. They will be at home in Wilcoe, W. Va., after September first.

Amid the fierce industrial activity of our favored section friendships are formed on an enduring basis. During the brief years in the life of the little metropolis of Tug it has been our fortune to well know the happy couple and can, therefore, sincerely join with their legion of friends in wishing them much happiness and many, many happy returns of the anniversary of this day.

Harrisonburg Letter.

Harrisonburg, Va., July 12.

Dear Renders of The Republican:
As your worthy editor by some means discovered who the "Tazewell Normalite" is, and has called upon me to occasionally send him a line from our wonderful school at Harrisonburg, I shall now try once more.

sionally send him a line from our wonderful school at Harrisonburg, I shall
now try once more.

The Summer quarter of our school
opened June 21st, and is now in good
working order again. And I am glad
to say two more of our Tazewell ladies
made a wise decision and came here for
the Summer term—Mrs. W. P. Maxwell, of Maxwell, Va., and Miss Bessie
Brown, of Tannersville, Va. They say
they think it just grand here, but my,
the work! But wait until "Our Old
Reliable" sends that history paper back
with an E three inches in diameter on
it, and hear them groan. But you must
not think they are so rough here. The
point is when you don't know a thing
you must learn it. There is no getting
around it. They say that is what it
taken to make teachers. One of our
instructors says we must have: The
strength of Sampson; the patience of
Job; the wisdom of Solomon; the perseverence of Paul, and be as meek as the
Saints, and we have about decided tha
it is true.

Our Normal School is beautifully sit-

Saints, and we have about decided that it is true.

Our Normal School is beautifully situated on a hill just outside of town. There is now only two of the buildings complete—the Science Hall and Dormitory, No. 1. Dormitory, No. 2, is going up rapidly and will be ready for occupancy by Christmas, and will accommodate a number of girls. About half the girls are rooming out in town now.

About forty of the girls who were here during the regular school year remained for the first Summer term, and there was an enrollment of 197 new ones.

there was an enrollment of 197 new ones.

The school is open to young men during the Summer. Only about a dozen ventured in and they, I think, are sorry they came, for men are certainly out of fashion on Bluestone Hill.

The Fourth in Harrisonburg was a grand day We Normalites all went down and took our station in the windows of the National Bank building until the street parade was over, and then marched back to our place of business. The parade consisted of several bands, fire companies, automobiles, wagons, buggies and floats. The float representing a blacksmith shop won a \$50 prize.

wagons, bugges blacksmith shop were representing a blacksmith shop were represented as a first of the sternoon a worthy citizen of Harrisonburg was killed by a negro, the result of strong drink. The officers, when it was too late, ordered the saloons to be closed.

As time is flying and lessons are yet to be learned, I will bid my most patient readers a pleasant good night.

"A Tazewell Normalite."
